Dear Jim:

I have not received a reply on my letter of 6 weeks ago, maybe you didn't receive it if not I will send another copy.

I am sorry to say I lost the Count + Brush Roller page, he got hit by a car while running loose in the country, where he had been for two months.

If you have already written to me on the matter of judges and etc. ~~on~~ for the fall national or if the first budget you sent me stands good, just let me know your preference on the judges listed and I will go ahead.

Sincerely  
Henry
