FALL TRIAL CANCELLED DUE TO LACK OF ENTRIES

Recently the club has made a survey of expected entries for the LeRoy, Kansas trial this fall. According to our survey expected entries will be too small in number to warrant our holding this trial. A great deal of effort has been put into the preparation for this trial and we sincerely regret to cancel out at this late date.

In order to maintain a quality trial with meaningful entries the club has decided to cancel this fall trial. Please contact anyone that might be planning to attend trial.

A notice of the next trial, Spring 1968 in Virginia, will be published in the Whip.

Sincerely,

Jim Flythe  
President
