

National Red Setter Field Trial Club, Inc.

104 Gordon Road  
Spencerport, New York  
September 24, 1975

To: Officers and Directors, NRSFTC.

Gentlemen:

As you all may have imagined I have had considerable concern expressed to me over the condition of the grounds at the Blue Marsh Area at Bernsville, Pa. This is understandable, with the recent bad publicity which was written in the American Field announcing the cancellation of the American Field Futurity and the Open Pheasant Championship.

Without having the opportunity to personally inspect the area I am forced to accept the opinions of those who have seen the area and have advised me of the conditions there. Our chairman, Paul Ober has told me that he has inspected the grounds and talked to the authorities there and that the area will be in good condition by the time of our trial. I was also advised by another source that the harvesting of the corn is in progress now in preparation for a trial two weeks previous to ours, I would expect that an additional two weeks of work on the area, barring any unforeseen postponement by the elements of weather, the area should be ready for our championship.

Would you also consider the amount of time and effort which has gone into the planning and preparation of the trial by our chairman and his committee. I realize that a really good championship is of prime importance as does our chairman. In view of all considerations we will go with the championship at Bernville as planned.

I would urge all of you who had made plans to attend to do so and not be influenced by criticism and other opinionated gossip.

In conclusion I would urge all of you to consider the following. One of the prime efforts of the Red Setter Club is to establish comradery and rapport among the membership and supporting the efforts of each others endeavor is a giant step in this direction.

There will be a meeting of the Board of Directors at the Reading Motor Inn, Friday evening October 17, 1975. The time will be announced at the trial.

Yours truly,

  
Faunt L. Ekey  
President
