Dear Bob

Many thanks for your kind letter and bank draft. It's a hell of a lot of money! I am really looking forward to coming to the fall championships and am now quite competent on a horse - daily practice has done the trick.

Glad to hear Gabsky goes well and I look forward to seeing her again. It will be good to see the changes and the progress.

Her half brother, 'Captain' goes on his winning ways adding the Breed Centre trial to a long list of wins this year. I think that is 10 awards out of 12 starts this year. I was also 3rd with 'Furl' (Hartstone & Ruasos Jenny) another 1/2 sister of Gabsky's, except the other side of

the house. That dog has given me alot
of pleasure, he's one of the smoothest
jalloppers I have ever seen and he's
one of those dogs that you can leave
the worry of the draw to your
bracemate - nobody wants to run against
him!!

Many thanks for arranging people to
take care of me and the wife. I hope
they don't mind the trouble. We arrive
October 28th @ 15.35 on EI123 (ex Shannon)
and depart November 4th @ 17.45 on
EI 122.

I hope everything goes well with
the house and that you'll be finished it
before winter really sets in.

Never thought I'd say it - but see
you soon!! The 'Newsletter' should go with
you in the next few days.

Regards

Ray.
